WEEKLY REPUBLICAN-1907. DAILY PUBLIC LEDGER-1908.

MAYSVILLE, KY., FRIDAY, JULY 22, 1904.

ONE COPY-ONE CENT.

A BASEBALL SERMON. He stood within the pitcher's box and figured on his mind. He tried to scheme a scheme by which he'd make the fellow fan. He squirmed about a little, as all good pitchers do. Then sent an inshoot o'er the plate; the willing willow flew. To meet the sphere, which in its turn went to the outfield fence. And smacked three men, to the disgust and misery of those who witnessed it. Of him who twirled—he was indeed a broken-hearted duck. And yet he didn't blame himself—he laid it onto luck. That pitcher can't bat, at length; he waited for a chance. To send that ball to kingdom come, three runners to advance. He watched a slow one creeping o'er the path so often trod. A billion miles below the sky, three feet above the soil. Then made a wild and wicked swing that would have let it land in Cincinnati, if he had but connected as he'd planned. Third strike it was—it landed in the catcher's mitt "kerchunk." And yet 'twas not the batter's fault, 'twas just a much blanked luck. Oh, Luck, what shoulders must be yours, to carry all unhumped. The fardels and the faults by tons upon the daily dundump! The world is full of foolish folk who make a listless try To bring about the things they crave, and then sit down and cry. Because the fool's effort didn't bring the thing they sought. A loco for which far better men had toiled and bled and fought. Much blame you get from folks who lack the necessary pluck— Who talk of things up egregiously and blame it onto "luck."

The management of the Ripley Fair is making every preparation to have this year's event eclipse all others. They are carefully looking after every detail, and if watchfulness and forethought count the Fair will be a hummer all through. Some of the special attractions are Barno's famous Diving Elks and Trixie, said to be the smartest horse in the world. Then with the usually attractive Floral Hall, the fine stock rings, etc., the Fair can't help but be one of the best in the circuit. August 9th to 12th are the dates, with the 11th set apart as "Kentucky Day." But if Kentuckians, as well as Ohioans, know a good thing when they hear about it they won't miss a single day of the Ripley Fair.

MUST ACCEPT BOND

Carter County Will Have to Pay Old Railroad Debt

Federal Judge Cochran of the United States Court at Covington has issued an order compelling the Fiscal Court of Carter County to meet next Saturday and accept the bond of J. W. Peck, as collector of the special tax which was levied by order of the United States Court. This tax was ordered levied to redeem bonds issued by Carter county forty years ago, the proceeds of which went as a subsidy to get a railroad into the county.

The bonds have never been redeemed, as collectors to collect the special tax would either not be recognized by the county authorities or failed to secure assistance in making the levies.

The Carter Fiscal Court a few weeks ago refused to recognize Millionaire Bradford Shink as bondsman for Peck.

It is, undoubtedly, a great hardship on most of the taxpayers of Carter county, and they feel that they are paying for what they never got, all of which is true; but Mason county and the city of Maysville each paid much larger sums 'way back in the '50s for the Maysville and Lexington and the Maysville and Big Sandy Railroad, neither of which they got at that time.

The easiest way out of the matter is to pay out, and as the bondholders are innocent purchasers, they are in no wise to blame.

"There Isn't One Really Good Printer in Five Hundred."

Printers' Ink—the leading journal on publicity of all kinds—has the following to say: "There are thousands of printers in this country, good, indifferent, and a lot of bad ones. There isn't one really good printer in five hundred. Intelligent advertisers are willing to pay for good printing, no matter where it comes from."

Printers' Ink knows what it is talking about. Poor printing is a bad investment—it's worse than a blank. A business man's stationery or booklet is like a traveling man's suit. It's not well-dressed and to the point, the first impression is good and your chances of doing business on the strength of it are good. We realize this. We keep abreast of the times. We know what good printing is and produce it. We are pretty careful not to let a hump job get onto our presses. No press in the country can better our printing and we want you to know it. HAVE THE DAVIS PRINTING HOUSE PRINT IT. PUBLIC LEDGER BUILDING.

Mr. Will Rogers is passing around to his friends a novelty in the way of a combination knife. Besides a first-class blade there is a corkscrew and a cutter for removing the tips of cigars. It is unique and useful, and is quite an advertisement for George W. Rogers & Co.'s Old Stock whisky.

\$100 Reward, \$100. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. There was much joy exhibited in the packing-house district at Chicago yesterday morning over the settlement of the arbitration dispute, and it was generally conceded that the Executive Board of the Amalgamated Meatcutters and Butchers Union would tender to President Donnelly the necessary approval of his action in framing the proposed terms, which allow of the strikers returning to work today at the same wages paid just previous to the strike, pending the selection and deliberation of the Board of Arbitration, which shall finally adjust all the grievances the strikers had. ### The State College of Kentucky, Lexington, Ky.

The Agricultural and Mechanical (State College) of Kentucky offers the following courses of study: Agricultural, horticultural, chemical, biological, mathematical, physical, normal school, classical, mechanical engineering, electrical engineering, civil engineering, each of which extends over four years and leads to a Bachelor's degree. Graduate studies are also provided, leading to a Master's degree. Each course of study is organized under the supervision of the general faculty members, nearly fifty professors and instructors. County appointments receive tuition, room and board, fuel and light, and if they remain for months traveling expenses. The laboratories and museums are large, well equipped, comprehensive and modern. The Lecture hall is a fine building for a college home for young women and students for drill hall and gymnasium for men. Both buildings are completed and in use. Military tactics and science are fully provided for as required by Congress. Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the college to supply. Last year the matriculation was 750. Specialists with the necessary number of assistants have charge of each department of natural science, summer school, and agriculture. The State College of Kentucky, though bearing the title of college, is the only institution in the Commonwealth doing in any proper sense university work. The completion of the college home for young women provides facilities for good board and lodging. It is equipped with all modern conveniences, including bath-rooms and room for physical culture. It is heated by steam and lighted by electricity. An opportunity is thus afforded to them to receive education in classes, modern languages, literature, science, mathematics, logic, metaphysics, history and political economy. No other institution in the state offers advantages for education of women at all comparable to those offered by the State College of Kentucky. For catalogues, method of obtaining appointments, information regarding courses of study and terms of admission apply to JAMES K. PATTERSON, Ph.D., LL.D., or to D. C. Frazier, Business Agent, Lexington, Ky. Fall term begins September 30th, 1904.

"I had for years suffered from what medical men called Dyspepsia and Catarrh of the Stomach. In August I purchased a box of Cascarets and was surprised to find that I 'bad' 'em'—that is, I was getting better. I showed him my list of ailments, and in another day the remainder of the same length of a tape-worm what had been eating my vitality for years. I have enjoyed the best of health ever since. I trust this testimonial will appeal to other sufferers."

FEARIS.

The dust begins to fly here. Campmeeting is now in full blast. After plenty of rain the ground seems harder than a brick. Ven Vaughn is the boss blackberry picker of this place. Ed Bryant of Maysville was here this week gathering up lambs. The oats harvest is about over. The crop is very good about here. Rev. Roseberry of East Maysville is assisting in the Campmeeting at Mower's Park. Rev. Arthur O'Rear can quote the Scriptures from Genesis to Revelations and make good application of his text. Rev. J. W. Gardiner, Pastor M. E. Church, South, of Mt. Carmel, will assist in the meeting next week at Mower's Park.

William M. Dixon of McKenzie has P. M. attached to his name. Joseph W. Hampton resigned last spring and went West. On account of a very busy time the attendance at the Campmeeting is very small. Several from Rectortown attended last Sunday. Guess all of our societies are dead for the present busy time—not even taking the time to attend meeting at night. Come out to Campmeeting. There will be three exercises on Sundays at the Campmeeting. The 2:30 p. m. exercises will be for the children, under the management of Mrs. O'Rear. The G. A. R., Jr. O. U. A. M., and U. V. U. will try with the people's assistance to make the G. A. R. celebration in Mower's Park a success next month—August 26th and 27th.

Mrs. Mary Burke of Ashland, while watching the Elks' parade in Cincinnati Wednesday, was overcome by the heat and fell from the steps of the City Hall, breaking her ankle. Messrs. A. camping party on Brush Creek. Christian Science is alleged to be responsible for the death of Ephraim Good, aged 61, at Lexington. Both he and his family had persistently refused to accept the services of a physician or to permit him to take any medicine. Intestinal tuberculosis was the cause of death.

## HEAD SOLID SORE

### Awful Suffering of Baby and Sleepless Nights of Mother.

## CURED BY CUTICURA

### Skin Fair as a Lily with no Scar to Recall Awful Sore Writes Mother.

"I herewith write out in full the beginning and end of that terrible disease, eczema, which caused my babe untold suffering and myself many sleepless nights. "My babe was born seemingly a fair, healthy child, but when she was three weeks old a swelling appeared on the back of her head, and in course of time broke. It did not heal but grew worse, and the sore spread from the size of a dime to that of a dollar. I used all kinds of remedies that I could think of, but nothing seemed to help; in fact, it grew worse. Her hair fell out where the sore was, and I feared it would never grow again. It continued until my aged father came on a visit, and when he saw the baby he told me to get Cuticura Soap and Ointment right away. "To please him I did so, and to my surprise by their use the sore began to heal over the hair grew over it, and to-day she has a nice head of hair, her skin is as fair as a lily, and she has no scar left to recall that awful sore, and it is over eight months and no sign of its returning." Mrs. Wm. Ryer, Elk River, Minn. "Cure permanent." So writes Mrs. Ryer, Feb. 25, 1903, six years later: "Your letter of the 19th inst. received, asking in regard to the cure of my baby some six years ago. Well, the disease has never returned to her head which at that time was a solid sore on top and down the back. Once or twice since then a patch has come on her hand near the wrist, but it finally disappeared after proper treatment with Cuticura." Sold throughout the world. Cuticura Soap, 25c. (in form of Chocolate Coated Pills, 25c. per tin) of 50, Ointment, 25c. Soap, 25c. Depot: London, 27, Charterhouse St., Paris, 3, Rue de la Harpe, Boston, 15, Columbus Ave. Porter Drug & Chem. Corp., Sole Proprietors. Age Send for "How to Cure Eczema."

The Continental Tobacco Company contemplates building a \$75,000 warehouse at Lexington. Arrangements have been perfected for opening the campaign at Catlettsburg September 5th. Hon. C. L. Williams, Democratic Elector for this District, and Osmond P. Byron, Republican Elector, will meet in joint debate, beginning a series of joint discussions that will be continued throughout the District.
